

. Klove is the only Christian music station in San Antonio, Texas. The Christian music brings so many people to Christ and soothes the souls of many. Doing away w/Klove or switching to a lower channel frequency would be a great disservice for our community

2. We already have so many other types of music...what we have only one of is Klove...the only Christian music station

3. the service provided by Klove is unique. It is the ONLY radio station of it's kind which brings Christian news to all of the public who tune in, and new people are constantly being told of it and tuning it...it can only have a positive and necessary effect on our community. Please DO NOT take it away
